

I have wandered, I have roamed,
All alone in this world of mine.
'Till I glanced up to the sky
And I was blinded by your shine.
There you were in all your beauty,
In all your glory, you mystified.
You made my heart beat,
You lit my flame,
You were the only one that made me sigh.
How, when will I take you and make you mine?
Don't fear, I'll always reach you
Because our souls are forever intertwined.

The modern love letter...

Hi, there???

Yes

Must tell you something...

Shoot it

Girl, I've been trying to say,
But till now my mouth tried to betray
Me as I look for the right moment to express
But this is it, I'm gonna confess.

This is the text I never sent you

For I feared what you could do
I imagined the worst like getting blocked on facebook,
And so I kept quiet for I feared losing you

Girl I want to have you by my side
On silent dinners where we only look to our mobile
Share headphones with you, damn,
So romantic us listening to Portugal the Man.

This is modern love, and it can be ours.
I'm so in love that I look to your profile picture for hours
So amazing I still remember how I fell for you,
On an Instagram photo. Number of likes: 302.

OMG!!!

"Life was boring
before we met,
the same old story
in the same old set,

But then you came
and left your mark
rocked my world
and filled my heart.

Now I know nothing
will be the same
You bring me happiness
and drive me insane!"

My darling, my angel, my undying love.

The way you chain me in this feeling, the way your hair falls on your chest, it's so unique that when I'm not with you I just sit down and cry. Your arms are like home to me, your presence my addiction. You have broken down my defences, you pierce my soul with a power stronger than one thousand knives. I thank you for that and I give you my life forever and ever.
